Fabienne Monté – breeder Toscana®

The Toscana® breeding program

Breeding is a long-term process that requires dedication and patience. After careful selection, we are proud to present the following novelties.

We have updated the Trend series by improving Trend Hanna hot pink and introducing Trend Tine salmon.

In the important Smart series, we present Smart Valerie dark red next to the very popular Smart Senna Red. With the attractive dark red colour, Valerie completes the Smart series.

As amethyst is traditionally a difficult colour to breed, we are very pleased to introduce the improved Sunflair Amy. This variety fits better in terms of plant habit within the Sunflair series. The 'old' Amy will be moved to the Big5® series as Big5® Amethyst.

With the new Medio Fleur lavender, we aim to replace the well-known Medio Teske. For the coming season, both varieties will be available side by side.

In the Villetta series, we launch a new compact variety: Villetta Lilac a very attractive, well-branching addition.

Last but not least, we have updated Balcon Polar. The improved version shows stronger vigour, fits better within the Balcon range, and offers improved branching and earlier flowering.

Optimising the Toscana® Pelargonium series remains the goal, and step by step we are making good progress.

I will keep you updated!

Part of

*More demand. More visibility.
More pelargonium sales.*

Pelargonium for Europe (PfE) is the joint marketing initiative of European geranium breeders, founded in 2016 to ensure long-term market success. PfE drives consumer demand through international campaigns and supports the entire supply chain with ready-to-use marketing tools and expertise.

Pelargoniums are:

- Featured in top-tier media
- Promoted by influencers
- Present at major events across Europe

Turn visibility into sales:

- Trade platform with marketing resources
- Free image database
- POS materials & campaign assets

► **STRONGER CONSUMER AWARENESS AND INCREASED SALES POTENTIAL**

About the Toscana® production

Toscana® is available as unrooted cuttings (URC) and as young plants. At our production locations in Ethiopia and Kenya we specialize in the URC production of Pelargonium. With a total of 37 hectares of well-equipped greenhouses, which are run by qualified and experienced staff, we supply from both locations a high production standard. This gives you the best quality against the lowest risk in supply change.

Moreover, we think and act sustainably. Our production locations are MPS-A certified (Environmental Programme for Ornamental Horticulture), covering crop protection products, fertilisers, energy, water and waste. Neonicotinoids are banned and to combat the negative effects of crop protection products, we use organic variants and work with Integrated Pest Management (IPM) wherever possible.

Uitsluiting aansprakelijkheid – De in deze catalogus aangeboden informatie is met de grootste mate van zorgvuldigheid samengesteld. Echter inzichten, omstandigheden en toepassingen kunnen variëren; wanneer ervaring ontbreekt raden wij eerst een proefsgewijze toepassing aan. De wet- en regelgeving in Europa is niet overal gelijklopend. U bent in alle gevallen gehouden aan de voor u bindende wetgeving. Toscana® aanvaardt geen aansprakelijkheid voor eventuele schadelijke gevolgen die kunnen ontstaan bij het gebruik van de gegevens die in deze catalogus worden gepubliceerd.

Voor leveringen die direct geleverd en/of gefactureerd worden door leveranciers waarvoor Florensis of hun partners als agent optreden, gelden de algemene leveringsvoorwaarden van de betreffende leverancier.

Disclaimer – Although Toscana® has composed this brochure with great care, the information contained in this brochure is for general information purposes only. Toscana® makes no representatives or warranties of any kind, express or implied, about the information contained herein. In no event will any company part of Toscana® be liable for any loss or damage including without limitation, direct or indirect or consequential loss or damage, or any loss or damage whatsoever arising from loss of turnover of profits arising out for, or in connection with the information contained herein.

For orders that are directly delivered and/or invoiced by suppliers for which Florensis or its partners act as brokers, the General Conditions of that supplier apply.

Toscana® are varieties protected by the breeder's rights of Toscana® breeding. We are obliged to request a license for these varieties. Multiplication of any kind of these varieties is forbidden. Any cuttings or plants we supply can only be for growing on to finished plants.

La Dolce Vita

It's the small things that make life beautiful:
a glass of red wine in the sunset,
a cappuccino in bed or
a terrace full of outstanding pelargonia.
